The USA Pavilion at the Tripoli International Fair 2007

Libya holds an increasing potential for farsighted U.S. exporters. The U.S. Commercial Service has made exclusive arrangements to showcase American companies' literature at the Tripoli International Fair (the oldest Trade Fair in Libya) from April 2–12, 2007. You'll get high-profile exposure at low cost and more:

➤ Hundreds of business visitors will review your firm's literature at this annual event.

➤ You'll be contacted directly by visitors who expressed interest in doing business with your firm.

In Libya, opportunities exist in almost every sector, from agriculture to franchising to oil & gas equipment to telecommunications and tourism. The most active U.S.-to-Libya import categories for 2007 are expected to be franchising, machinery, vehicles, pharmaceuticals, oil and gas service equipment, and medical equipment.
